Safety & Compliance	OHS Act compliance • Risk assessments • Method statements • Toolbox talks • Incident investigation • First Aid Level 2
Soft Skills	Team leadership • Conflict resolution • Client liaison • Time management • Problem-solving • Mentoring junior staff

PROFESSIONAL EXPERIENCE

Site Supervisor

BuildRight Construction (Pty) Ltd | Johannesburg | March 2021 – Present

- Supervise daily operations on multi-million Rand residential and mixed-use developments (up to 120 units).
- Coordinate subcontractors, manage site progress against programme, and report weekly to Project Managers.
- Enforce strict health and safety protocols; achieved zero lost-time injuries for 18 consecutive months.
- Oversee quality control of concrete pours, brickwork, and finishing trades; reduced rework by approximately 25%.
- Mentor and train junior supervisors and general workers on safe work methods and productivity.

Assistant Site Supervisor

African Infrastructure Projects | Pretoria | June 2018 – February 2021

- Supported site management on road rehabilitation and stormwater drainage contracts for provincial government.
- Assisted with setting out, measurement of quantities, and preparation of progress claims.
- Conducted daily toolbox talks and monitored compliance with site-specific safety plans.
- Liaised with engineers and clients during inspections and practical completion handovers.

General Worker / Team Leader

Skyline Builders | Soweto | January 2016 – May 2018

- Started as a general worker and progressed to leading a small team of 8–10 labourers on housing projects.
- Gained practical experience in excavation, formwork, steel fixing, and concrete placement.
- Demonstrated reliability and work ethic that led to promotion and recommendation for formal studies.

EDUCATION & QUALIFICATIONS

National Diploma: Civil Engineering
University of Johannesburg | 2019 – 2021 | Completed with distinction in Construction Management modules

Grade 12 (National Senior Certificate)
Orlando High School, Soweto | 2015 | Bachelor’s Pass | Mathematics, Physical Science, Engineering Graphics & Design

Additional Certifications

- Construction Health & Safety Officer (NQF Level 5) – 2022
- First Aid Level 2 – St John Ambulance – 2023
- Working at Heights & Scaffolding Safety – 2021
- Concrete Technology short course – Cement & Concrete SA – 2020

ADDITIONAL INFORMATION

- Valid Code B driver’s licence and own reliable transport • Willing to travel and work on remote sites when required
- Fluent in English, isiZulu, and conversational Afrikaans • Available immediately / notice period: 1 month • References available upon request
